

Hello

This month is a mix of workshops and conferences for us as a team, which will see us heading to various different parts of England and Wales.

In this short bulletin we wanted to share some information about some upcoming national campaigns, conferences, Suffolk fully funded workshops and open workshops ...

Next week:

Diabetes Week (10-17 June 2024) The focus this year is talking about the health checks people living with diabetes need. These regular diabetes health checks are vital to keeping healthy and to prevent (or minimise) the risk of additional health problems.

Legs Matter (10-15 June 2024)

The Legs Matter coalition works together to increase awareness, understanding and prevent harm for lower leg and foot conditions. There is a wealth of resources available for both healthcare professionals as well as the general public.

Care Home Open Week (24-30 June 2024)

An initiative hosted by Championing Social Care – enriching lives of care home residents by engaging with local communities surrounding them. Connecting care homes and communities – sharing the amazing services offered by care homes and the exceptional teams of people working there.

Diabetes Awareness
Week

Legs Matter Week

Care Home Open Week

July:

Insulin Safety Week (1-7 July 2024)

This programme is organised by Orange Juice Communications and funded by Dexcom, Embecta, GlucoRx, Medtronic, Sanofi and Ypsomed which have had no input into any arrangements or content.

We always encourage social care providers who support people requiring insulin, to also register and take part to raise awareness amongst colleagues, families and residents/service users. Like hospitals and GP practices, care providers can run events and activities to improve understanding and reduce insulin errors.

As part of this campaign, the organisers share lots of useful online and, if you register early enough, printed resources.

Insulin Safety Week

If you are at any of the following events come and say hello or contact us in advance to arrange chat whilst there (some we are exhibiting at and some attending as delegates)...

Trend DIABETES Conference, London 7 June

Essex Care Association conference, Colchester 13 June

MA Healthcare PCN Diabetes Study Day, London 18 June

Public Policy Projects Diabetes Conference, London 27 June

As well as delivering a programme of fully funded 'diabetes awareness' and 'insulin awareness/injection technique' workshops for Suffolk care providers (find out more via the button below), we will be running the following 'diabetic foot screening' open workshops over the coming months:

Abercynon (South Wales), 14 June 2024

Birmingham, 28 June 2024

Needham Market (Suffolk), 3 July

Harlow, 1 November 2024

St Ives (Cambridgeshire), 2 November 2024

Due to the amount of interest in our 'diabetic foot screening' training, we continue to arrange new venues and dates. Venues are currently being finalised for Perth, Northern Ireland and Yorkshire. Please use the button below to register your interest which helps us plan where to locate future sessions.

We believe that effective “**education, communication and collaboration**” are key ingredients in helping to improve the lives of people with diabetes; which is exactly what we at DUET diabetes are passionate about achieving – better outcomes and improved or maintained quality of life, regardless of an individual's age or circumstances!

If you would like to know more about us and our diabetes training service for health and social care, click the button below to head over to our website or even better... get in touch and one of the team will be happy to have a chat with you about your needs and how we can help.

Find out more about us!

You can also follow us on social media where we share relevant diabetes/health related information and communicate details regarding our upcoming workshops.

Many thanks for taking the time to read this message. Please feel free to share with colleagues who you think may be interested in the content.

The DUET diabetes team would like to wish you an enjoyable summer ahead - if it ever arrives!!

Kind regards
Lynne
