

Diabetic Foot Screening Workshop, 3 July 2024

Diabetic foot checks are part of the regular 'care processes' everyone living with diabetes should receive.

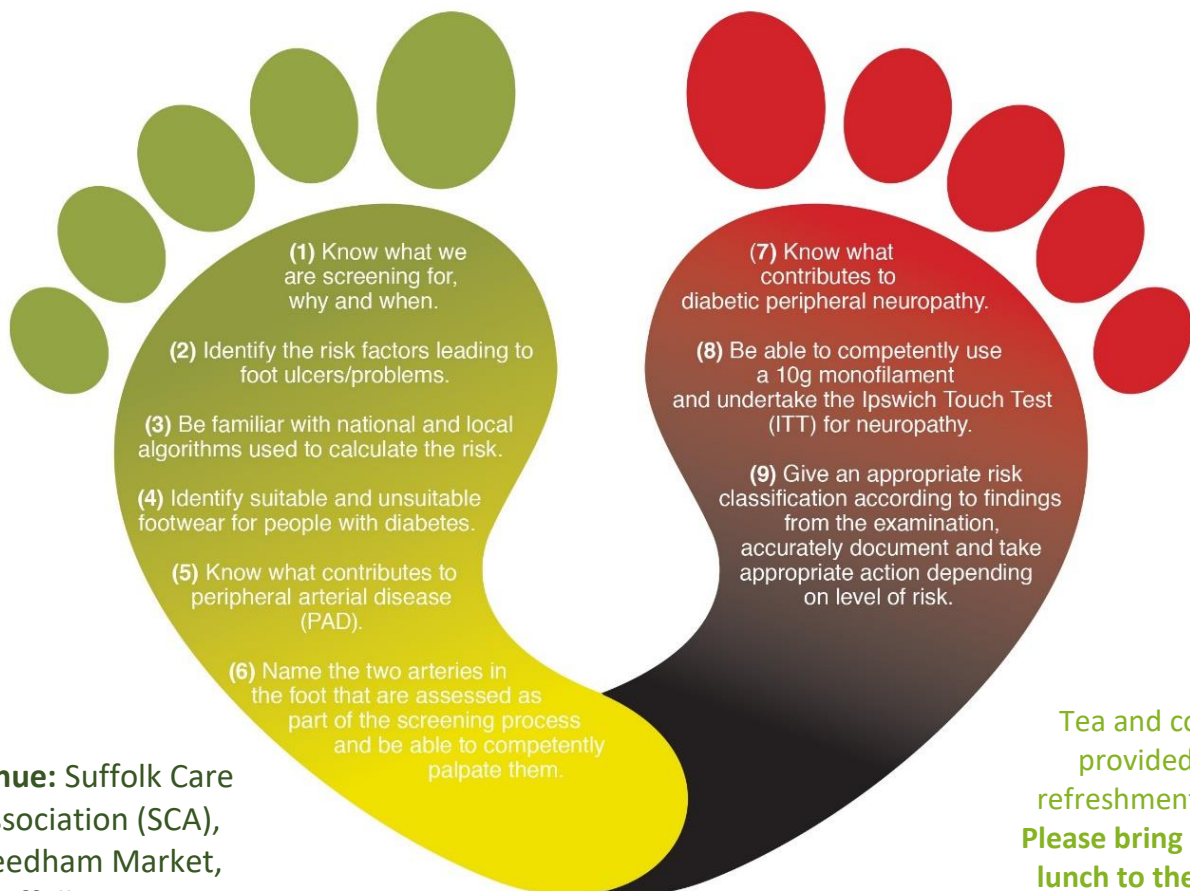

Help people living with diabetes to avoid potential foot related problems by educating them and by ensuring that you are following current guidelines and best practice... learn or improve/refresh your skills and maintain your confidence!

This workshop is for all practitioners working for healthcare or social care providers (whether in registered or non-registered roles) who are involved in examining the feet of people with diabetes. Using NICE guidance as a framework the workshop aims to equip the learner with the knowledge and skills to competently examine and screen the diabetic foot for potential and actual problems.

It's not just the theory! In an interactive and safe learning environment, you will be putting your new knowledge into practice.

9.30am – 3pm, SCA members £89, non-members £99

This training has been developed by DUET diabetes Ltd and will be led by an experienced podiatrist (includes a printed delegate pack and certificate on successful completion of the training)

Venue: Suffolk Care Association (SCA), Needham Market, Suffolk, IP6 8NZ

Tea and coffee is provided with refreshment breaks. **Please bring your own lunch to the session as this is not included**

**To book email Sarah-Jayne at SCA: sarah@scaservices.org.uk
(see overleaf for comments from previous attendees)**

What have recent learners said about this workshop?

“Great course! Highly recommend”

Nurse

“Yesterday's workshop was invaluable for anyone involved in caring for the feet of patients with diabetes. The presentations were delivered by an expert in his field and were clear and accessible whilst being informative, thorough, and underpinned by the latest research and guidance. The demonstrations were extremely clear and the resource pack we were provided with was second to none. There were also lots of opportunities to ask questions.”

Foot Health Practitioner

“I highly recommend the training. I have even asked my pharmacist team to have the training.”

Clinical Pharmacist

“Can't say how useful this was and how much I have learnt and benefitted from it. Best training in ages. Thank you so much.”

Nurse

“Excellent, well run, well organised and obviously led by someone very enthusiastic and knowledgeable. Will recommend to colleagues!”

Nurse

“Gareth was a great trainer, very knowledgeable but fun at the same time which breaks up the learning. I feel a lot more confident in carrying out foot checks”

Healthcare Assistant
