

## Ankle Brachial Pressure Index

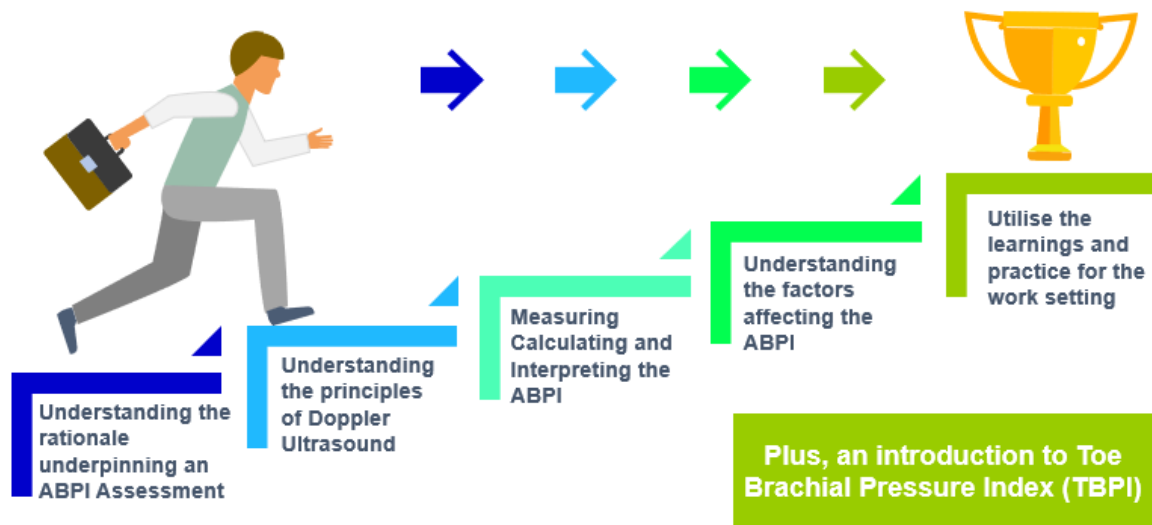

### (ABPI) Assessment Workshop, Bawtry (Doncaster)

Are you a **Podiatrist, Chiropodist, Foot Health Practitioner** or someone who works in a another **health or social care role**?

This workshop is designed to build on your knowledge and understanding of diabetes and wound management; giving you the ability to further assess the vascular status of an individual to establish or exclude the presence of peripheral arterial disease (PAD). This workshop aims to equip you with the knowledge and skills to competently undertake an ABPI Assessment and introduces you to 'toe pressures' assessment.

It's not just the theory! In an interactive and safe learning environment, you will be putting your new knowledge into practice – lots of 'hands on equipment' time!

**26 July 2026 10am-4pm, only £165+VAT per person**

All equipment will be provided, however feel free to bring along your own!

Tea and coffee is provided with refreshment breaks.  
**Please bring your own lunch to the session as this is not included**

This training has been developed by DUET diabetes Ltd and will be led by an experienced podiatrist (includes a printed delegate pack and certificate on successful completion of the training)

**Venue:** Bawtry Podiatry Clinic, 23-25 Market Place, Bawtry, Doncaster, DN10 6JL

**To pay by credit/debit card:** please scan QR code to book and pay via the Ticket Tailor online platform (or visit <https://buytickets.at/duetdiabetesltd/2096875>)

**To pay via BACS:** please email [info@duetdiabetes.co.uk](mailto:info@duetdiabetes.co.uk) to provide your name, contact phone number and the number of places you would like to book. You will then receive an invoice via email.

## **What have previous learners said about this workshop?**

**“It was a really good session, with the right amount of theoretical learning and practical. Thank you for making it interesting and easy to follow.**

**Nurse & Foot Health Practitioner**

**“Absolutely fabulous day training on ankle brachial pressures with DUET diabetes. Such a great course and something that will get patients to the right treatment quickly.**

**Foot Health Practitioner & Podiatry Student**

**“Was fantastic training and would highly recommend. I enjoyed the training and has made me much more confident with Doppler.”**

**Foot Health Practitioner**

**“The workshop was informative, the trainer very professional, using good speed and explaining clearly.”**

**Healthcare Assistant**

**“Excellent throughout - very enjoyable. Will definitely recommend – practical always good.”**

**Podiatrist**

**“The team really enjoyed our session with Gareth and really appreciated his ability to tailor the session to the experience in the room!”**

**Senior Clinical Research Physician**

**“Really enjoyed this workshop. Gareth is very knowledgeable and skilful. Brilliant equipment to use and handouts.”**

**Nurse**
